Questions to
Sharon Reay
Government Services Manager
+61 3 8601 4600

Register to attend now:

www.tca.gov.au

With the widespread use of telematics across vehicle fleets, this event will provide an update on latest developments, the available safety applications, and what is needed to rely on telematics data.

Guest speakers:
Chief Inspector Phillip Brooks
Stakeholder Manager
NSW Police Force
Traffic & Highway Patrol Command

Roger Weeks
Director Compliance
Compliance and Regulatory Services
Roads and Maritime Services

Simon O'Hara
General Manager
Road Freight NSW

Who should attend?

- Fleet managers with or without experience using telematics
- Safety managers and personnel who rely on telematics
- Stakeholders interested in learning about the latest developments from government
- Anyone interested in learning about telematics, and how it can improve safety through data
